

# Raj Kansagara

---

Software Developer  
Email:rajkansagara80@gmail.com

## Professional Summary

Experienced and results-driven .NET Developer with over 3 years of hands-on experience in designing, developing, and maintaining scalable web applications using .NET Core, C#, MVC, RESTful APIs, and MS SQL Server. Proven ability to deliver clean, efficient, and maintainable code, with strong problem-solving skills and a focus on performance and security.

## Technical Skills

- Languages: C#, SQL, JavaScript, TypeScript
- Frameworks & Libraries: .NET MVC, .NET Core, Angular
- Database: Microsoft SQL Server
- Tools: Git, GitLab, Azure DevOps
- Concepts: OOPS, RESTful APIs, Microservices Architecture

## Professional Experience

### **Software Developer | Xelentor Technologies Pvt. Ltd. | Jan 2023 – Present**

- Designed, developed, and maintained scalable web applications using .NET Core, MVC, Razor Pages, and SQL Server.
- Created and integrated Telerik Reports to deliver interactive and data-driven business reports.
- Developed RESTful APIs for communication between frontend and backend services.  
- Collaborated with cross-functional teams to define, design, and ship new features.
- Implemented CI/CD pipelines in Azure DevOps for automated deployment and version control.
- Ensured application security, performance optimization, and adherence to coding standards.

### **Junior Software developer | Anamya Tech LLP. | Dec 2021 – Jan 2023**

- Developed responsive web applications using Angular and .NET MVC.
- Optimized SQL queries to improve response times and enhance performance.  
- Implemented JWT-based authentication for secure user access.
- Built features like OTP login, Forgot Password, and Email/SMS notifications to enhance user engagement.

- Used Git, GitLab for version control and collaborative development.

## Project Domains

- Mass Elemental (Real Estate)(.net Core)
- EHA Soft (Document management)(.net core)
- LMS (Learning management System)(Angular)

## Roles and Responsibilities

### 1. Mass Elemental (Real Estate)

- Designed and implemented a reporting module using Telerik Reports for analytics and insights.
- Created optimized SQL queries and stored procedures for data aggregation and reporting.
- Configured CI/CD pipelines to automate deployment processes and improve release efficiency.

### 2. LMS (Learning Management System)

- Built an application structure using Angular 19 for a responsive and modern user interface.
- Integrated RESTful APIs for real-time communication between the front end and backend services.
- Enhanced UX/UI for better accessibility and performance across devices.

### 3. EHA (Document Management)

- Developed backend modules for role-based access control and permission management.
- Created Telerik reports to visualize user data and document activities.
- Improved data security and compliance by restricting unauthorized data access.

## Education

Master of computer application(MCA), Silver Oak College, Silver Oak University ,Ahmedabad,

## Activities & Interest

- Technology exploration
- Problem-solving
